2007-2009 ZIP KITS

BOLT-ON POWER!

FEATURING:

- THUNDERMAX WITH AUTOTUNE
- MAXFLOW AIR FILTER KIT
- PERFORMANCE EXHAUST (select from options below)

Performance Upgrades from Zipper's Performance

April 2009

Zip Kits for 96" Engines w/ Cable-Operated Throttle

No new bike responds to simple intake and exhaust upgrades like a Harley-Davidson®!

That's why Zipper's Performance developed the Zip Kit for stock, 2007-2009 96" Big Twins with cable-operated throttle. Included in the Zip Kit is a Zipper's MaxFlow performance air cleaner, performance exhaust of your choice and the cutting-edge ThunderMax EFI Controller with AutoTune. The ThunderMax gives you the flexibility of future performance upgrades with the download of a new map. Bolt-on and plug-in the Zip Kit to enjoy the power, performance and drive-ability of the most highly refined electronic fuel injection system on the market. *To step it up even further, include optional Red Shift Cams--the 96" Engine will now FEEL like a 96 incher!*

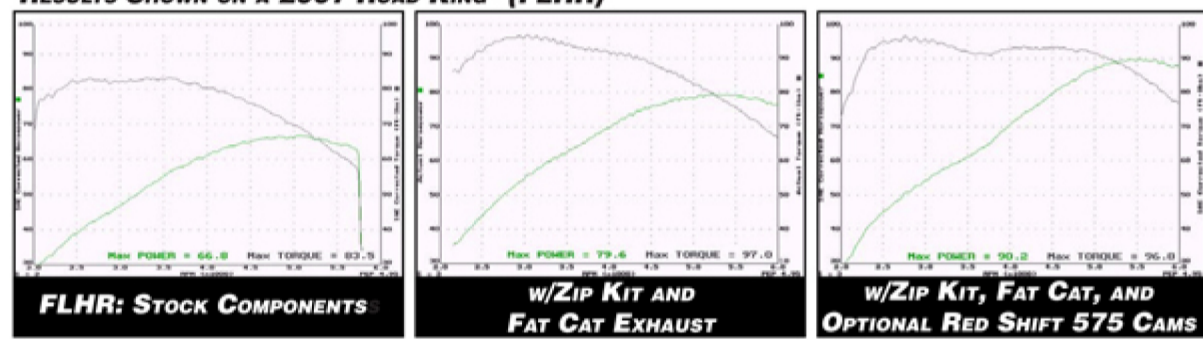

See below for information on available exhaust systems and styles for Zip Kits. Add the 2 digit style code from the picture to the end of the applicable Zip Kit part number.

Description	Part No.
