Testimonial Received: 09/20/2010

"I'll never get back the first 3500 miles on my new FLHTC... I was ready to put the stock exhaust and air breather back on, and take the bike back to find out why it just didn't run right... My first ride with the ThunderMax TBW was enough to sell me. I'm keeping my big radius pipes. I love my bike now!" - Rick, IN
