

*Join Us at Gettysburg Bike Week
and Go Home with a Better
Running Motorcycle!*

Check out the Zipper's ThunderMax Trailer at Battlefield H-D® during Gettysburg Bike Week in Gettysburg PA - July 12-15, 2012

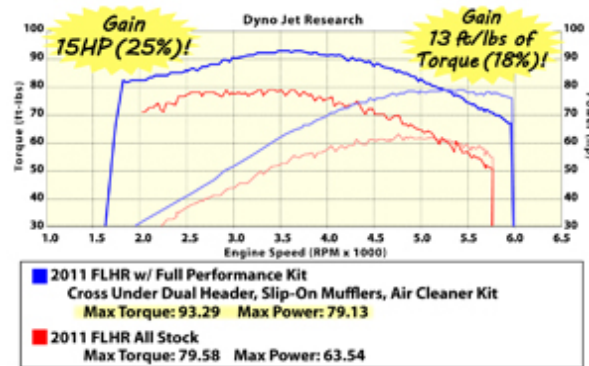

We Make Performance Easy for You!

Available for installation during Gettysburg Bike Week, a Zipper's Performance "ZIP KIT" addresses your intake, exhaust and engine management needs in a single package. ZIP KITS are developed with thirty years of experience in improving the performance of the Harley-Davidson motorcycle. Available for most 96", 103", and 110" Twin Cam engines, ZIP KITS include a MAXFlow air filter kit, performance exhaust of your choice and a ThunderMax with AutoTune.

A ThunderMax-equipped bike consistently maintains best power, performance and fuel efficiency. Stop by the trailer to learn how a

ThunderMax with AutoTune can tune your engine to achieve optimum performance, stabilize engine heat and improve drivability all while you're doing what you like to do best - *while riding your bike!*

Get Performance-Enhancing Products from the Pros! In addition to ZIP KITS, Zipper's Performance offers many high quality performance parts designed to produce amazing results as soon as your first ride. Talk to Zipper's during the event to learn more about ZIP KITS, MAXFlow Air Filter Kits, Big Torque Red Shift Cams, and new Red Shift Dual Piston Tensioners.

Download the ZIP KIT brochure here!

Already have a pipe on your bike? Enjoy similar benefits! You can add a ThunderMax with AutoTune to your existing bike and experience the difference a properly tuned engine makes for your ride. ThunderMax will tune for immediate results for your existing parts combination, and you'll be able to make additional performance changes in the future.

Get Parts That Get Results

Zipper's Performance Products doesn't sell cheap parts. At Zipper's, we believe quality components -- *that work as designed* -- are the best money you'll spend to get your Harley® running the

way it should, not leaving you wishing hadn't wasted your money on unproven hype. We prove our products with quality engineering, testing, dyno time and real-world road miles. *Don't take our word for it -- see our testimonials below!*

ThunderMax Testimonial Received 6/13/2012

"I finally bought a new Throttle-by-Wire ThunderMax® and, within two Auto Maps, my bike at 900 pounds will pull the front wheel off the ground with no hesitation. All I can say is, if you never had a ThunderMax®, GO GET ONE

and don't look back unless you want to see all your buddies faces as you blow by them. I couldn't be happier."
