#### **ThunderMax Throttle-By-Wire Testimonial 05/19/2010**

*I have been frustrated with my 2008 CVO® Ultra® Classic® nearly from day one. It never felt like it was 110 cubic inches. Since the ThunderMax, my bike feels like it has more torque than ever. The power band is smoothed out and the need to constantly feather the clutch is gone completely. So far over 600 miles and counting!*
