

Transform Your Riding Experience  
with ThunderMax®

Owners of ThunderMax-equipped motorcycles experience properly tuned engines regardless of environmental conditions. During the hot summer months, you can experience extreme variables in riding conditions including broad ambient temperature ranges, high altitude, and varying terrain. All of these conditions can have a negative impact on the performance of your engine. ThunderMax was designed specifically to address these variables. The superior engineering built into the ThunderMax benefits you immediately, providing instant performance corrections for even the most varied conditions. ThunderMax delivers outstanding performance regardless of your riding conditions.

## *Our Customers are Our Best Sales People!*

**ThunderMax® is the industry's easiest and smartest EFI tuning system to use.** ThunderMax constantly monitors the actual Air/Fuel ratio live as you ride, providing immediate corrections to maintain optimal air/fuel mixture, compensating for changing environmental conditions on demand. *ThunderMax® even tunes for your riding style!*

**You will LOVE These Immediate Benefits:**

- Easier Starting, Cooler Running Engine
- Dramatic Increase in Throttle Response
- Crisper Sounding Exhaust Note
- Adjustable Idle Speed
- More Power at the Twist of the Grip

***ThunderMax is the Easiest EFI System to Install and Use!*** When you order a ThunderMax from Zipper's, it comes with a base map already installed for your application (when requested), so all you do is install, ride and enjoy... ThunderMax® with AutoTune will give you miles of smiles.

ThunderMax® is engineered, developed and made in the USA, and comes with a 3 year limited factory warranty.
