

# Zipper's Performance Products Celebrates National Small Business Week May 20 – 26, 2012

Celebrate Small Business Week

05/2012

Since 1963, National Small Business Week has been celebrating the accomplishments of small businesses in America. Recognizing the impact of outstanding American entrepreneurs, the week of May 20th through 26th is a time to reflect upon and support the efforts of these companies, their role in the American economy, the jobs they provide for their communities, and their commitment to excellence.

*Zipper's Performance knows many of our customers are small business owners themselves, and would like to take this opportunity to say we are proud you choose us for your performance needs!*

Since 1981, Zipper's Performance Products has worked and strived tirelessly to raise the bar for the Harley-Davidson® performance aftermarket. Utilizing American ingenuity and craftsmanship, Zipper's Performance designs and manufactures a wide range of quality Harley® aftermarket parts in their facility. Zipper's Performance is proud to have developed ground-breaking performance components for Harley-Davidson® motorcycles such as ThunderJets®, Red Shift® Cams and ThunderMax®.
